"Great ideas went nowhere."

"I wasted my time."

# Solutions

---

- 2-step idea evaluation process
  - Step 1: Crowdsource rating of idea “creativity” and “quality”
  - Step 2: Mandate Decision-Makers choose some ideas the crowd views as “creative”
- Re-design decision-maker role:
  - From making “correct” decisions to finding “potential”
  - From mere evaluation to champion
