EFFECTIVE ORGANIZATIONS

Strategic Organization Design Workshop

USC COVID-19 Requirements

Per the USC Emergency Operations Center (EOC) Response Team for COVID-19.

Currently there are no restrictions or limitations for visitors coming to campus.

- Covid-19 vaccinations and boosters are recommended.
- Physical distancing is recommended.
- Completing *Trojan Check* self-assessment is recommended. <https://trojancheck.usc.edu/login> ("continue as guest"). **Please do not come to campus if experiencing symptoms of illness.**
- **While masks are not required, they are strongly recommended.** We ask that visitors-vaccinated or unvaccinated--consider wearing them for your own protection and the protection of others when not actively consuming food or beverage.

UPDATED Mask LA County Mask Policy: (04/22/2022)

EVERYONE* MUST wear a mask:

- On all forms of public transportation in LA County. This includes trains, buses, taxis and ride-shares.
- In all indoor transportation hubs in LA County, including airport and bus terminals, train and subway stations, seaports or other indoor port terminals, or any other indoor area that serves as a transportation hub.
- In healthcare settings
- In long-term care settings and adult/senior care facilities
- In state and local correctional facilities and detention centers
- Shelters and cooling centers
- In any other location where it is the policy of the business or venue

Masks are STRONGLY RECOMMENDED for EVERYONE in:

- Airplanes
- Indoor public settings and businesses such as retail, restaurants, theaters, family entertainment centers, cardrooms, meetings, state and local government offices that serve the public.
- Indoors at K-12 schools and daycare

Additional mask recommendations

- Masks are strongly recommended indoors or in crowded outdoor settings for people at [high risk of severe illness](#), or who live with someone who is at high risk. Masks that provide the [best protection](#) against COVID-19 should be worn. Examples include a well-fitting respirator (e.g., N95, KN95) or a double mask (a well-fitting cloth mask over a medical mask).
- Masks are strongly recommended for people who are gathering indoors with people who are at [high risk of severe illness](#).
